

Close the Gap (CTG) PBS Co-payment Measure

This measure has been designed to assist eligible Aboriginal Australian patients by making PBS medications more accessible via a co-payment relief system and will commence on 1 July 2010.

How do I register?

Practices are required to fill in the 'PIP Indigenous Health Incentive' form which can be downloaded from the Medicare Australia website by [clicking here](#).

Patient Registration

Aboriginal patients who attend a registered practice with chronic disease or risk factors can have their practitioner complete the 'Patient Consent and Registration' forms. The patient is required to tick a box on this form indicating that they understand and consent to participate in the CTG PBS co-payment measure. [Click here](#) to download this form from the Medicare Australia website. These templates will be made available in Best Practice in the near future.

Patient Eligibility

To make a patient eligible for the CTG PBS co-payment measure in Best Practice tick the 'Registered for CTG PBS co-payment relief' checkbox in that patient's demographic details. This tick box will be available in Best Practice version 1.7.1.516 and above.
