

6.1

Mental Health Services

Helpline

Referral of patients to Mental Health Services should be made through calling the Mental Health Services Helpline on **1 800 332 388**.

The service is staffed by mental health clinicians who will:

- Gather referral information and make an initial assessment.
- Help to arrange a full mental health assessment and intervention for people based on their category of need.
- Provide information about all DHHS Mental Health Services
- Provide help to access other services

This is a state wide service that operates 24 hours a day, 7 days a week.

Mental Health Service referrals can also be made by **faxing** forms to the Mental Health Services Helpline on **6236 5788**.

Referral templates for Medical Director, Best Practice and Med Tech 32 are available on the mental health page of the General Practice South website www.gpsouth.com.au
