

Referrals to the Persistent Pain Service can be made on a generic RHH specialist clinic referral form

Please include:

- Date and mechanism of onset (if applicable)
- Diagnosis if known
- Previous treatment for problem
- Investigations
- Physical function/limitations
- Psychological or social factors impacting on pain –information available at www.kendallburton.com/Library/Resources/Psychosocial_Yellow_Flags.pdf
Suggested questions to ask – Page 5
Full list of yellow flags – Pages 11-13
Timeline for assessing yellow flags – Page 7

Please ensure all investigations have been undertaken before referral.

Do not refer if the patient has been referred or is receiving treatment for the same problem by another medical team eg neuro or orthopaedic surgery
